Wabash Transformer "Made in USA" power transformers in compliance to:

- **American Recovery and Reinvestment Act of 2009 (ARRA), Section 1605.**
- **Federal Aviation Administration (FAA) 49 U.S.C. 50101**
- **Federal Highway Administration (FHWA) 23 C.F.R. 645.410**
- **Federal Railroad Administration (FRA) 49 U.S.C. Chapters 244**

Since Wabash Transformer Corporation started our business, we have proudly made our product in the USA. We have managed our global supply chain to remain competitive. In addition to overseas manufacturing and increased customer demand for "**Made in the USA**" power transformers, we have long offered the "**Made in USA**" option to our customers.

This applies to all our power transformers (class 1, class 2, isolation, control and general purpose). Ranging from 1VA to 40KVA, 50/60 and/or 400 Hz. Please let us know if you need your product quoted and "**Made in the USA**" and we will quote your requirement accordingly.

Please visit our website, call or email us with your requirements and let us know if you need "**Made in the USA**" marked product(s).

Applications:

- Government
- Military
- Aerospace
- Defense
- Navy
- Aviation
- Public Buildings
- Public Utilities
- Building Automation
- Lighting Automation
- Airport and Highway Improvement
- Railroad and locomotives
- Amplifiers
- HVAC-R
- Step up or Step down International Voltages (e.g. appliances)

Benefits of "Buying American":

- Domestic job creation.
- Recycling U.S. Dollars
- Beautify America (adherence to domestic environmental policies and regulations)
- Petroleum conservation (no need to ship via cargo ships overseas)
- Go to this link for further information: <http://www.madeintheusa.com/why-buy-american.php>

Benefits of Using Wabash Transformer Corporation:

- Highly experience staff of engineers (over 180 yrs of cumulative design and engineering experience).
- Standard (off-the-shelf) and custom products.
- Short lead times on production quantities (stock to two weeks)
- Rapid prototyping.
- Cost competitive quotes.
- Global supply chain provides risk-free and reliable product(s) design and delivery.
- Minority owned/US supplier in support of American Recovery Act.
- SAM/CCR registered.
- 2 year standard product warranty.
- Over 30 years of experience with Class 2 transformers.
- Leading the industry with cost effective solutions and drop in replacement to competitive brands.
- Supply chain programs (e.g. Just in Time, Consignment, KanBan) available.

To request product literature please visit us at www.wabashtransformer.com or call us at 630-628-9999.

Wabash Transformer Corporation has been producing quality custom and pre-designed transformers since 1966. Our Quality Policy is simple, and effective:

- A) Compliance to Requirements.
- B) Continual Improvement.
- C) Personal Pride in our Work.

Feel free to take advantage of our standard off-the-shelf models or let us customize a transformer to your particular needs. Either way, you've come to the right place.
