**Wabash Transformer Corporation Is Minority Registered, Small Business and SAM/CCR registered for Government, Private and Public Multi-National Organizations.**

Wabash Transformer Corporation is proud to announce that since 2010 we have been Minority Registered (registration # CH2481) and qualify as a Small Business. We are SAM/CCR registered (CCR # 5GQ82).

This registration has allowed us to competitively do business with US Government, its' subsidiaries and organizations with supplier diversity programs.

**Benefits of using a Minority Registered, Small Business:**

- Federal and State tax incentives.
- Promote supply base diversity for your company.
- Fulfill diversity goals/directives.
- Promote competition with larger companies.
- Develop a sense of community between suppliers and customers.
- We are truly unique, leverage our core competencies.

**Benefits of Using Wabash Transformer Corporation:**

- Highly experienced staff of engineers (over 180 yrs of cumulative design and engineering experience).
- Standard (off-the-shelf) and custom products.
- Short lead times on production quantities (stock to two weeks)
- Rapid prototyping.
- Cost competitive quotes.
- Global supply chain provides risk-free and reliable product(s) design and delivery.
- Minority owned/US supplier in support of American Recovery Act.
- SAM/CCR registered.
- 2 year standard product warranty

**Wabash Transformer Corporation** has been producing quality custom and pre-designed power transformers (class 1, class 2, isolation, control and general purpose) since 1966. Our Quality Policy is simple, and effective:

- A) Compliance to Requirements.
- B) Continual Improvement.
- C) Personal Pride in our Work.

Feel free to take advantage of our standard off-the-shelf models or let us customize a transformer to your particular needs. Either way, you've come to the right place.
